CGC Tests & the Puppy STAR program at DDTC

Our thanks to Darlene Rak & Corky Andrews for giving our members the opportunity to earn a Canine Good Citizen (CGC) title on their dogs. These tests were held indoors at DDTC in April on a Thursday evening. The test evaluators were Mr and Mrs Schill, who are not DDTC members. We had nine dog and handler teams participate and nine pass. The AKC puppy STAR program, which is similar to the CGC test, but modified for puppies, has been implemented in our puppy classes, thanks to Darlene, and the members of the obedience training committee.

Obedience Director of Training Report

I am very excited about the future of the obedience program here at DDTC. Your training committee has been working hard on the new program that will be premiering for the Late Fall Session 2010 which begins in October. We will be having some new classes and some changes to the old ones. We are considering starting a K9 drill team so please contact me if you are interested in that. We are also considering having Freestyle classes so let me know if that is something you might want to take. We need at least 4 people to have it as a class. We are trying our best to attract new students, hopefully enticing them to become members, and to fill the needs of our current members. We will keep you posted as it all comes together. Please watch the website and the yahoo group. If you are someone who does not use a computer please call me so I can keep you updated.

As always I am very thankful for everyone who instructs or assists. Thank you very much for all you do. I would also like to thank Barbara Mann for the time she spent as the Paper Registrar. That job entails a lot of work, especially right before a session starts, and Barbara worked hard getting it all done. Thank you so much

Barbara for putting up with all my changes and phone calls. I welcome the new Paper Registrar, Pamela Murn. Please make sure you get all your class requests to Pam as soon as you can each session.

I also want to thank Terry and Fred McCarty for doing all the phone registrar work, Richard Eppley for promptly putting all my change requests up on the website, Roberta Shellabarger and crew for the floor cleaning just about every week, and Mike Scott who puts the baby gates up every Tuesday that classes are in session and gets all the obedience copies done for us. There are many other people at the club that help make our obedience program the successful one that it is. Although I cannot mention every one of you individually in this report please know that I appreciate you all very much.

We have a new membership chairperson. It is Barbara Bateson. If you know of a student that might make a good member please talk to them about joining. Contact Barbara Bateson with all you membership questions.

Look elsewhere in the newsletter for information on our upcoming Instructor's Seminar.

Darlene Rak, Obedience Director Of Training

COME ONE COME ALL TO THE DDTC INSTRUTOR'S WORKSHOP

Have you ever thought about being one of our obedience instructors or assistants but were not sure you knew what you needed to know to do the job adequately? Or maybe you have been an instructor for a while for a particular class but want to start teaching something else. Maybe you would like to just increase your skill level to deal better with different human personalities or canine issues.

We will be holding an Instructors Workshop on Saturday, September 25, 2010 from 9am until noon. We will have lectures or demonstrations on the following items:

- How to better communicate with your students.
- Different types of collars – how to use them, when to use them
- The new obedience lineup that will begin with the Late Fall Session in October
- Which classes students moving on should take and why
- Agility and rally - How to motivate students to become involved in these other venues that we offer
- How and when to encourage students to become members
- How we teach certain exercises and why we teach them that way
- Other topics may be added

We hope to see many members there. Refreshments will be provided. If you do not have access to a computer please call me so that I can keep you posted if time or date changes need to be made due to schedule conflicts.

Hello everyone! Please keep up the good work on keeping me informed of Pet Sympathy & Sunshine concerns. Everyone is doing an excellent job of letting me know about what is going on with our club members. THANKS!! I appreciate it. Members thank me constantly and then tell me that they really appreciate the cards and also the flowers (when we send them). The cards and flowers really do help cheer up our club members; they add a boost to a person's day by letting them know that we club members really do care about them and their beloved pets. Thank you again everyone for your cooperation and please continue to keep me posted!

From the Editor: This is my last issue as editor & publisher. I will volunteer my time for another job at DDTC. When I accepted this job in 2003, I felt the club's members needed a quarterly Newsletter printed and mailed to their homes. Today, I think a printed newsletter is obsolete. We already have information about our classes and upcoming events on the DDTC website, a website that Richard does a great job keeping up-to-date. I recommend that we publish the rest of the news that the members want, online. I also think we should email meeting notices directly to members. Let's stop spending all that money for printing and postage. What do you think ? This could be an interesting topic to discuss at a membership meeting. KC Artley

“...the instincts Dalmatians were born with...”, by Joanne Blewett

The most common knowledge about Dalmatians is the breed tradition of “coaching,” a terrific looking dog running merrily alongside or slightly behind the English stagecoaches or Colonial American firewagons. It is the only skills that is instinctive in Dalmatians.

Libby and Mookie had a chance to test their coaching instinct on June 13 at the Dalmatian Club of America’s Road Trial in Springfield, Ohio. Neither Libby, Mookie, Dale, or I had EVER been to a Road Trial before since most of them are held in Western US; additionally, I had decided awhile ago not to pursue a RD (Road Dog) title for Libby because: (1) I don’t own a horse (2) I don’t know anyone with a horse (3) and Libby won’t work for anyone besides Dale or me. But, now, we could have a chance to earn a CC (Coaching Certificate.) A CC is to a RD what a CGC is to a CD; it is a certificate that entails passing a series of obedience based exercises in a large field while the handle is either riding a horse OR riding in a horse drawn vehicle. Libby, who had encountered a few horses before, but had never had any practice doing the exercises before, passed her CC with flying colors. She had to “coach” the moving wagon, ignore a distraction of a person and dog on foot, recall from distance, and stay for a period of time. She was wonderful and performed well to earn her CC. She now has recognition in all the areas in which Dalmatians compete: obedience, agility, rally, tracking, and road trials. WHAT A GIRL.

Four of the 6 dogs who tried for a CC passed. Other dogs had a “Fun Run” opportunity.

Mookie also had a chance to strut his stuff. From the start, he seemed a bit overwhelmed by the Percheron mare, Dixie, and barked and jumped slightly toward her. She was unfazed, but that was enough to earn Mookie a turn around the field at the end of a 15 ft. leash. Maybe next year after he has seen a few more horses he will let his instincts take over and “coach.”
