Summer 2012

**Karen Fischer & Deja Vom Eichenluft (Eddie)
NEW TD!**

TRACKING REPORT

by Cricket Zink

Friday, April 6 – Black Horse Tavern

Judges' Dinner – Yum, yum. Good Food, Good Friends, Good Time – What else can I say? Mary Savage did a good job.

Saturday, April 7 – Plot Day

Weather conditions great for tracking. Cool, light breeze blowing, and slight moisture in the air. You drive to the reserve watching for wildlife, and the dawn is breaking. Should be a good day. You see the tracking sign for the turns on the road. Looks like Karen Fisher was the first one up and out and about.

The park ranger opened the gate around 7:45 a.m. We all drive to Cottonwood Shelter and start to set up. People are greeting club members and fellow trackers who showed up to help. The judges said they would be here at 8:00 a.m. They took a small tour of the park before the judges' dinner and liked what they saw. Sue Evans and Dyanne Johnson set up the coffee and breakfast. Things are better with these two dynamos around.

We are now waiting for the judges. It is 8:30 and no judges. When the judges do find us they said that they had been waiting at the Nature Center. (Is this an omen?)

The judges were driven around Germantown Reserve. "We had a TDX in this field last year. This is a TD field." Then the snag! "We will start by laying the TD's." They told us that they would start with TDX's! A change of plans!!!! The TDX tracklayers were at the shelter waiting to lay tracks. TD tracklayer were not to come until noon! We called the TD layers and asked – "Where are you? Can you come now?" Patti Steele-Scott dropped things and came. Lynn Luikart, driving to Cincinnati, turned her car around and came. Like the good people they are – they dropped everything and came when called. Need to call headquarters. Have the flags driven down to this field. Where is the list of cell phone numbers? Call headquarters! No answer. Call another number. No answer. Remind people to charge their phone and keep the phones with them. Some of the numbers were home numbers not cell phones. Is this Tracking Test DOOMED?

The TD tracks were finally plotted. Back to the shelter for the custom and perfectly made lunches. The TDX's were plotted after lunch. Three were plotted, and the fourth field the judges did not like. So we went around the park and used a field that the club has not used before. It is now around 5:00 p.m. Long day, and the wind has been blowing all day. Wind-burned face and lips. Must remember to bring lotion tomorrow.

Sunday, April 8 – Test Day

Overcast day with moisture in the air. Could be a good day for tracking. The gate was opened early for entrance to the park. Nervous exhibitors in the parking lot. Laughing and walking dogs. Important things first. Where is the coffee, and what do we have to eat? Our exhibitors came from Ohio, Kentucky, and Illinois. Sue Young did the Easter eggs for the draw of tracks. The first TD track failed. Now the moment of truth. Dayton Dog Training's own **KAREN FISCHER and Deja Vom Eichenluft (Eddie)** ran track 2. Eddie put her nose down and never stopped. She worked the track and pulled Karen to the end for the first pass of the day. WAY TO GO!!! The third dog failed the TD. Our second pass of the day was Billie French, Lexington, Kentucky, with a Cardigan Welsh Corgi.

TDX numbers one and two failed to complete the track. TDX three passed: Kelly Smolen from Hoffman Estates, Illinois, with a Labrador Retriever. TDX four failed. We returned to the shelter house for the barbecue chicken sandwiches and other side dishes that Sue and Dyanne had for the crew.

We wish to thank everyone that worked. We couldn't do it without you!!!

If you haven't been to a tracking test, you have missed the true camaraderie that is among dog friends. We all root for each other and exchange helpful training hints. There is no first place, no high in test, just a pass or fail situation. Therefore, we are not in competition with each other. And you missed the great food that Dayton is known for.

Darlene Rak's Emma at the American Mantrailing & Police Work Dog Association (AMPWDA) Seminar She had just found her victim in the woods but could not figure out how to get to her so she just went over the fallen trees!! Good Girl Emma!

AKC DELEGATE REPORT by Barbara Mann

The AKC continues to struggle with financial ills as registrations, which have traditionally been the main source of income, have dropped. The decline seems to have leveled off some, but it is clear that the organization cannot count on this income stream in the same way as in the past. There have been some major efforts to cut expenses by eliminating positions and using more electronic communications to trim mailing expenses. As you probably know, the AKC Gazette is no longer a paper publication, but has gone strictly on line. The market for the magazine has always been small, which has limited its appeal to advertisers and the funding they provide.

The biggest news that directly affects the Dayton Dog Training Club is the changes in Rally. As of April 4, there will be quite a few new signs, especially in Advanced and Excellent, and some changes in how judges are expected to score specific errors. Elaine Stoermer has done a great job of helping our Rally students and competitors keep up with the changes and prepare them for the expanded alternatives. The AKC has created a few videos to illustrate some of the more complicated new exercises. These can be found on the AKC website at <http://www.akc.org/events/rally/video.cfm>.

MEMBER BRAGS & ACCOMPLISHMENTS

by Suzy Lundy

Ann Booten—My Australian "Jack" received his MX degree at DDTC's January trial. He also Double-Q'd two out of the three days.

Wende Call—I am very proud of my dearest Doberman, "Fiesty," going 10 for 10 Q's at the CPE Brag agility trial. Eight 1st placements and two 2nd (mom's fault). A PERFECT WEEKEND!! Pinkus, my 14-month-old Doberman, took two RWB for majors in IN with me owner handling.

©2012 www.PawPrintsLife.com

Star (Suzy Lundy)

Trish Clute—Molly and I went to the Gem City trials, where I worked the gate for several classes and ran her for her debut runs. Her jumper runs were not too good as she was too excited, barked at me, and went where she wanted to go. But, I was able to get her back and finish the courses. Her standard run on Saturday was good, and we ALMOST qualified, except that she dropped a bar on the final double. It was my fault as I stopped before she had landed, and I did not realize that she had eyes in the back of her head (I was at least 10 feet behind her). She turned toward me and dropped the bar. BAD HANDLER!! Her Standard run on Sunday was wonderful. She ran clean, 24 seconds under course time for a second place!! Now we really work on the start line stays (AGAIN). Sunday she broke, but the dog walk was the second obstacle. So, it was obvious where to go next, and I was able to catch up and regain control thanks to good contacts. My goal had been to qualify one of the four runs, and we did that. So I was pleased.

Mary Jo Debrosse and Cody completed their OTCH at the Hamilton trial with a score of 198 and a first-place finish in Utility earning them High In Trial.

Sara Deem—Mickey ran his first AKC trial this weekend at the MVSSC Agility Trial. He had Five Q's: a Double Q on Saturday and a Triple Q on Sunday! He scored two 1st places (one in JWW, one in Standard), one 2nd place in standard, one 3rd place, and qualified in Time To Beat. While there was a lot of beginner's luck, it was primarily due to the patient training of Rob and Kandy, Mina and Sherri. His DDTC Training started in Obedience with Darlene and Judy Collopy coaching Mark and Mickey to start the training process, and Elaine who coached him in Rally. Thanks to all of you for making it a weekend to remember for my most special rescue dog ever!

Jack (Ann Booten)

Anita Eisthan—Aspen qualified in Open B and Utility B in Nashville, TN, all 3 days of the NOI qualifier and was 7th overall in points accumulated over the 3 days. Bonnie qualified in Utility A at the Hamilton Dog Training Club on February 18 with a first place and score of 193.

Connie Fields—Just received notice that Cameron (Pokatalica's Malen Pogo Pas, CD AX AXJ) made the national Dalmatian Top Ten rankings for agility. He was 3rd in Open Standard, 4th in Open Jumpers and 10th in Excellent Standard. Just think what we could have done if I had run faster <grin>.

Rhonda Holzauer—Elijah finished his Open Jumpers Preferred title, which also gave him a VCD2 title (CDX, OAP, OJP, TD). We are finally starting to click as a team, still have a ways to go :)

Sandy Kistler—I had no intention of bragging on Penny after this weekend's trial. She was perfect, with 2 more QQ by the way. But, I have to brag for Layla and Ken. On Saturday, after her Standard run, we packed the girls up and drove home with Ken, as usual, upset he didn't Q with her. The results were e-mailed: he did, in fact, Q with her on Saturday in standard. As Ken says, "that was a gimme," but he did so with a big smile on his face! One more leg and he will have that crazy beautiful girl into Excellent. They did, however, get two perfect runs in Open JWW, which did get her title. Penny and I did in fact, finally get her PAX title. She had to be waiting to do this in front of a home crowd. Phew, that's done!!!!

Nitro (Brittany Wical)

Lynn Luikart—Koira and Classic Dalmatians are excited to announce that 6 liver puppies--5 girls (1 patch) and 1 boy--were whelped April 16 from a frozen semen litter. Parents are BISS CH Classic All That Jazz (Teddy) and CH Koira Consider It Magic BN RN NA NAJ OF CC (Mystic). Puppies are doing fine, and Mom is recovering from an emergency C-section. Updates and pictures can be seen at <http://koiradals.blogspot.com/>.

Suzy Lundy—I must Brag on Fifi. I feel as though we might own her, but she is a DDTC Dog. The support from the club is phenomenal. She has been #1 all breeds for several weeks this year. Suzy and Star the Doberman earned their CD. They are now working on heeling with paws on the ground.

Karol Paulus earned High Combined at Hamilton. Karol and Tudu took 2nd at Muncie with a 195 in Utility B!!!!!!!!!!!!!! Karol and Bonecco had a great weekend at the Harrisburg, PA, Regional. Necco was Reserve Winners Dog at the Specialty on Saturday. He won Best of Winners and Best Senior Puppy in Sweepstakes on Sunday.

Brittany Wical—Nitro got his first 2 Q's this weekend!!!all of you who know my big-turbo-monster know what a feat this was! :)!!! Thanks especially to Kandy and Rob and all of our other teachers who got myself and Nitro started in this fun sport, Sheri, Ken & Mina!

THE DDTC EXPERIENCE

by Corky Andrews

DDTC is a place where families bring their dogs to learn how to train and establish a positive relationship with their pets. Often the entire family comes along. We take pride in the positive atmosphere that we provide. Therefore, we need to be sure when we are communicating with a dog and its handler, that we are using appropriate methods and language, and avoiding the use of foul language. Most of the people who come to us do so because one of our students has told them what a good experience he/she has had. A big thank you goes to all the instructors and club members who interact with the students to provide them with a positive experience. Thanks to you DDTC continues to grow.

BUILDING PROCEDURES

by Darlene Rak

It is very important that all club members who use the building do their best to help us keep costs down. Please when you use the building always do the following:

- ⇒ Turn on only the lights you absolutely need and turn them off immediately when you are finished.
- ⇒ Turn the thermostat up for heat or on/down for air conditioning only when necessary and only as it is listed on the actual controller. The building will not heat up or cool down any quicker if you set the temperature to an extreme. Always remember to set the thermostats back to their required position when you leave.
- ⇒ Please make sure that all exit doors are locked and LATCHED. Sometimes the puppy room door appears closed when it is not. Make sure to check it before you leave.
- ⇒ If you use the copier, please make sure that it is turned off, that the lights are also turned off, and that the office door is closed and locked when you are done.
- ⇒ Please never leave food or treats in the building, not even overnight. We have mice and will have even more if they find they have a dependable food source available, especially once winter is upon us.
- ⇒ Finally – there is a sign-in sheet next to the door as you enter the building. Above it, the rules are listed for who pays when they use the building. We expect every club member who does not have key privileges and every guest to pay the appropriate fee whenever they come to train at our facility.

Thank you for your adherence to these requests. Together we can make a difference in the income and expenses of the club each month.

VOLUNTEER OPPORTUNITIES

by Barbara Bateson

There are many ways for DDTC members to fulfill their obligations to the club by volunteering. Here are just a few. Please don't let inexperience keep you from any of these exciting opportunities. Club members are ALWAYS willing and able to give you pointers and help you get started! Every club member was once a NEW member too.

Obedience and Rally Trials – the club holds three trials a year at the DDTC building, in January, July and October. You can help with set up of the rings before the trial; help as stewards (assistants in the rings) during the trial; tear down and clean up after the trial; help at the hospitality table or tent during the trial; bring food items for sale at the event; or donate items for raffle prizes. Contact Sue Young for July's Obedience Trial steward needs; KC Artley is trial secretary; Sue Wallace is chairperson; Elaine Stoermer is the contact for Rally; Mina Knox for hospitality and raffle. October trial secretary is Cricket Zink. Cindy Cozad-Rudinger is chief ring steward for the January 2013 trial.

Agility Trials – the club holds a trial in July at the club building, and two other trials in January and October at off-site locations. You can help with set up of rings and obstacles before the trial; help as steward or ring assistants during the trial; tear down, pack up, clean the equipment after the trial; help at the hospitality table or tent; bring food items for sale at the event; donate items for raffle prizes. There is always a Monday evening "clean the equipment" at the club building after a trial that requires club volunteers also. Contact Ken Kistler for equipment issues and needs, Sara Deem for ring stewards, or Mina Knox for hospitality and raffle.

Show-N-Go – There is already a set schedule for 2012's obedience/rally show-n-go's. You can help by collecting money for runs at the door; being a steward in the ring; helping with set up of the rings; tear down after the event; provide food items during the show-n-go. Contact Elaine Stoermer.

Tracking Test – The club holds a Tracking Test once a year in April. You can help by being a "track layer," bringing food items for the trial, or helping at the hospitality table. Contact Cricket Zink or Joanne Blewett.

Demonstrations – You can participate by bringing your dog to show off his/her skills in Obedience, Agility, or Rally. There is no established schedule, as requests for demonstrations can arise without much notice. Demonstrations take place at nursing homes, schools, Wright-Patterson Air Force Base, fairs, and other gatherings. Contact Cathy Arnold.

Teaching or Assisting in classes – You've all taken classes with your dog(s), so you already know what goes on in a class. You can volunteer to be an assistant in any obedience or rally class, and learn as you go. Ask the instructor what would be the best way to help out. Assistants are always needed, and you can assist as often as you like. Contact: Darlene Rak. Agility instructors are in need as well. Contact Sherri Heizer.

Seminars – Several times a year, the DDTC building hosts seminars put on by professionals in the dog training world. Various chairpersons would be the contacts. You can volunteer at these events by helping with set up or clean up, or by providing refreshments.

Cleaning – You can volunteer for the regularly scheduled floor and building cleaning, or helping with the sprucing up for our special occasions – on-site Trials, Show-n-Go's or Seminars. Contact Roberta Shellabarger.

Party! – There is an annual Christmas and Awards Party held in December. You can volunteer by helping clean, set up, and decorate tables. Party attendees handle the clean up afterward.

Watch for a soon-to-be-available page on the Dayton Dog Training website, listing all the ways you can volunteer, as well as how you can contact the appropriate person to get you started.

OBEDIENCE & RALLY DIRECTOR OF TRAINING REPORT—SPRING 2012

by Darlene Rak

I want to begin by thanking the many members of Dayton Dog Training Club, Inc. that make our Obedience and Rally Program one of the best around. Corky Andrews is doing an amazing job with all of the registrations. Terry McCarty handles most of the phone calls. Richard Eppley does all the website work. My Training Committee – Elaine Stoermer, Suzy Lundy, Sue Young, and Corky Andrews – help with the entire program. This spring session, almost 40 of you volunteered to teach or assist in at least one of our classes. Many of you are teaching or assisting in two classes. Thank you all very much.

I would also like to thank the Schill family – Cathy, Caryn, Gene, & Bev. They come the last night of every session to do our CGC and AKC STAR evaluations. That is a monumental task to do in a couple of hours, and they do it very well.

The Spring 2012 Session began March 6, 7, & 8. It is our largest session in a long time, causing me to have to add 4 classes. What a wonderful problem to have! We have 135 students registered. So far, it is all going very well.

Many of you are already aware that a couple of sessions ago we added a new class called “Basic Obedience for Agility.” It is taught by our very own Patty Steele-Scott. This class introduces the handler to the skills needed to participate in Agility. Control issues are addressed, along with such things as reliable stays at the start line, exercises to help the dog be more aware of his/her body position, strong recalls, the call to hand, the dog being able to walk on either side of the handler, targeting, and more. Prerequisite of Advanced or a skills evaluation is required. This is a great class for anyone considering going into agility.

We will be having our Thursday night classes end by 7:25 p.m. so that the next instructor can get in and start class on time at 7:30 p.m. A sign on the door will read, “please do not enter until 7:25 p.m. if you are a 7:30 p.m. class student.”

If you are new to the club and think you might like to begin instructing in one of our classes please let me know. We would love to have you. It is a great way to learn different methods of training. Plus you earn a teaching certificate worth either \$25.00 or \$15.00 depending on how it is redeemed.

See you at the club!

OBEDIENCE & RALLY CLASSES start August 14, 15, & 16, for eight weeks. Cost is \$25 for DDTC members and \$70 for non-members. See our website for class schedules and registration information.

AGILITY CLASSES start September 24 & 27. If you have questions about classes, ask Sherri Heizer (sherr.terr@gmail.com or 367-3948). To register for an agility class, mail to Terry McCarty, 3658 Green Cove Ct., Beavercreek OH 45430-1413. Cost is \$25 for DDTC members and \$70 for non-members.

PASSING THE TORCH

by Dick Lundy

I would like to thank all the members of DDTC for the help and support they gave me during my two years as president. The DDTC has come through a difficult time with the economy and economic atmosphere in the local area somewhat depressed. The Obedience classes have taken on a new look, and many of the new members have brought energy and enthusiasm into the program. The Agility program has continued to be a major source of income, and members have worked very hard to keep our equipment up to AKC standards and have new trials at our facility. The Agility trials formerly held at Circle G will be moved after finding a better facility in a good location. The Tracking trial has moved to a new and better location--again through the hard work of many of the members. We have tried to improve in many areas, and through hard work by many of you, it's happening. The events that the club puts on are very important financially, and the support of club members is a must to make this happen. I hope the club continues to work together in a positive direction and tries to continue to improve and make it a better club for all.

Thank you again.

HOW TO JOIN DDTC YAHOO GROUP

by Sue Peterson

Send an email to ddtc-subscribe@yahoogleroups.com

Include your name, Yahoo ID, email address, and date you joined the club in the request. This is the best way to be added to the list. My sending you invites to join does not always work. It's a Yahoo thing.

CRICKET'S CUPBOARD

HOME REMEDIES

by Cricket Zink

~ Remember that home remedies are no substitute for a veterinarian's advice ~

With summer upon us, here are a few home remedies from the cupboard of Cricket.

Grass turning yellow where dogs urinate - A couple tablespoons of tomato juice in the dog's diet each day will neutralize the acidity that burns the grass.

Hot Spots - Pour Pepto Bismol on it to dry it up.

Repellent - In a spray bottle and into 16 ounces of water (preferably distilled), use 2 - 3 drops of each essential oil: Sage, Rosemary, Citronella, Peppermint, Eucalyptus, Orange, Cedar Wood, Pine, and Tea Tree. Shake well before each use.

Skunk recipe - Ivory liquid (several tablespoons), quart peroxide, 1/2 cup baking soda, 1 quart water.

ANYONE WHO COLLECTS MONEY FOR THE CLUB: PLEASE READ!

by Darlene Rak

It is imperative that all income to the DDTC be recorded accurately and turned in to the Financial Secretary in a timely manner. The Board of Directors has instituted the following procedures regarding any DDTC member that receives money on behalf of the Club. If you have questions, please talk to the Financial Secretary, Vickie Ventura.

Procedures Regarding All Income Received

The "Statement of Income Received" form shall be used by any and all club members who take in any money from any event or activity sponsored or hosted by our club. The forms, along with envelopes, are located under the DDTC deposit box, which is affixed to the wall in the kitchen.

The following exclusions apply:

- If a form is already in place (i.e. the one used by our trial committee), is 8 ½ by 11 inches in size, is printed, and contains all of the information required by our standard club form.
- If it is an event where small sums from many people are taken in such as soda sales, candy sales, bake sales, etc. In that case only the total amount needs to be recorded on the sheet.

The above two exclusions shall be the only two that apply. All other committee and activity chair people are required to use the Statement of Income Received Form whenever and wherever money is taken in. This includes, but is not limited to: Class Registration fees, Membership and Training Privilege fees, Conformation classes, Show-n-Goes, Sales of leashes and collars, DDTC-sponsored seminars or workshops, Christmas party ticket sales, etc.

When all money has been collected:

- complete the "Form"
- verify that the money in the envelope is equal to the money collected listed on the "Form"
- turn the "Form" and money in to the Financial Secretary or place it in the lock box and notify the Financial Secretary, so that the money can be accounted for and deposited as quickly as possible
- Do not hold on to checks/cash for an extended period of time. If an activity encompasses more than a month (such as class registration fees or the like), or is ongoing (such as leash and collar sales or sales for soda or snacks), money should be recorded and turned in at least every month. All receipts need to be turned in at the earliest possible date with the "Form" accompanying them.

PET SYMPATHY & SUNSHINE REPORT

by Mary Savage

Summer 2012

Pet Sympathy

"Cookie" Certified Pet Therapy Dog

"Xena" TDX

Maurice DeBrosse – father-in-law of Mary Jo DeBrosse

Terry Heizer – husband and father of Sherri & KC Heizer

Tom Crosley

Hello everyone! Please keep up the good work on keeping me informed of Pet Sympathy & Sunshine concerns. Everyone is doing an excellent job of letting me know about what is going on with our club members. THANKS!! I appreciate it. Members thank me and tell me that they really appreciate the cards and also the flowers (when we send them). The cards and flowers really do help cheer up our club members; they add a boost to a person's day by letting them know that we club members really do care about them and their beloved pets. If you have a Pet Sympathy/Sunshine concern please do NOT e-mail the Yahoo list as I'm not on there you can just e-mail me directly. Thanks!

Mary Savage
